Regulatory Strategy and Governance

A strategic and academically rigorous approach to regulatory analysis and design with a focus on best governance practice, to ensure that regulatory responses are robust and evidence-based.

Competitive advantage

- A team drawn from around the world which consists of global leaders in regulatory thinking, and renowned experts
- Vast experience in both regulatory and governance design

Impact

- At a time when the clamour of calls for regulators to “do something” is a challenge for both those who set and those who are governed by, regulations, robust research and well-considered analysis are essential.

Successful applications

- Research has been used by regulators around the world
- Domestically, the team has worked with the ACCC, ACMA, ASIC and the Treasury at a Federal level, and with many NSW State agencies
- Internationally, they have worked with regional regulators including in Cambodia, China, Laos, Malaysia, New Zealand, Singapore and Thailand

Capabilities and facilities

- The research network has members across a variety of regulatory disciplines including networked industries and emerging technologies
- All team members have deep experience both as regulators and as advisers to those operating within regulations

Our partners

- Currently working with Energy Consumers Australia
