

A strategic and academically rigorous approach to regulatory analysis and design with a focus on best governance practice, to ensure that regulatory responses are robust and evidencebased.

Competitive advantage

- A team drawn from around the world which consists of global leaders in regulatory thinking, and renowned experts
- Vast experience in both regulatory and governance design

Impact

 At a time when the clamour of calls for regulators to "do something" is a challenge for both those who set and those who are governed by, regulations, robust research and well-considered analysis are essential.

Successful applications

- · Research has been used by regulators around the world
- Domestically, the team has worked with the ACCC, ACMA, ASIC and the Treasury at a Federal level, and with many NSW State agencies
- Internationally, they have worked with regional regulators including in Cambodia, China, Laos, Malaysia, New Zealand, Singapore and Thailand
