Economy and Policy

Exploring pension and long-term care issues extensively with research on demography, health and human resources topics for an aging population.

Competitive advantage

- Expertise on developing countries' social security policy issues, and their effect on pension and long-term care

Impact

- Key contributor to the Chinese State Pension Reform Proposals
- Promoting lower contribution rate to China's employee pension scheme

Capabilities and facilities

- Theory and model development related to economic impacts of pension policies.

Current research partners

- Fudan University
- Zhejiang University
- CASS China Association of Social Services
